

# MODULAR

## NEW RANGE OF WORKBENCHES

**NEW!**

Beta has launched the new range of workbenches, MODULAR, designed to make it possible for professionals to configure their workplaces from scratch, adapting them to their individual needs.

The range comes in a wide choice of preassembled combinations; alternatively, you can fully customize your configuration, including the worktops, legs, mobile roller cabs and tool chests, tool wall systems and accessories.

### ROLLER CABS

### WALL SYSTEM

### LEGS

### WORKTOP

The 75-cm-deep worktop means having a large, convenient, functional work surface available. It can be fitted with a vice, thereby allowing heavy-duty jobs to be carried out.

The new MODULAR range, designed according to the latest ergonomics studies, is enhanced by Beta's well-known sturdiness and quality, thereby standing out as an essential work partner.
